+ 122cm Diameter target Face

* 80 cm Diameter target face

Note: The PA Rating table has been developed by Pioneer Archers using the AA logarithms, so that the archers can be rated for the rounds shot. Neither Archery Australia or Archery WA provide an official rating table or advice on how to rate the rounds which are 'Short' or 'Junior' versions of AA listed rounds. A rating table calculator is available for use on the Pioneer Archers web site.

Rounds Recognised by Pioneer Archers Inc. for Novice and Beginner Archers

Pioneer Archers Novice Rounds	Total Arrows	Number of Arrows at Each Distance Distance (Meters)								Max Score	Rating Table
